

ALPHANIMAL

Breeding complementary feed solutions

Hepatoprotector range

ALPHAPETI (Liquid) - Economical solution

Formula to optimize the major physiological functions when intensive diets are a risk factor.

Composition: Sorbitol : 230 000 mg, L- Carnitine : 5 000 mg, Magnesium sulphate : 240 000 mg, Vitamin PP : 1 000 mg, plant extracts.

ALPHAPETI Plus (Liquid) - High concentration

Composition: Sorbitol : 400 000 mg, Carnitine HCL : 55 000 mg, Choline Chloride : 80 000 mg, Betaine : 30 000 mg, Methionine : 19 500 mg, Magnesium sulphate: 240 000 mg, Vitamin PP : 1 000 mg, plant extracts.

ALPHALIVER (Powder / Liquid) - Cost-Effective Concentration

It stimulates digestive enzymes, makes easier fat acids oxidization and regulates lipids metabolism.

Composition: Sorbitol : 500 000 mg, Choline chloride : 80 000 mg, Betaine : 30 000 mg, Methionine : 18 250 mg, Sodium chloride : 50 000 mg, Magnesium sulphate : 15 000 mg, Vitamin PP : 2 000 mg, plant extracts.

Mineral range

ALPHALIGO (Liquid) - Cost-Effective Concentration

Use : reproduction, shell eggs. Improve egg quantity

Composition: Phosphorus : 90 000 mg, Calcium : 30 000 mg, Magnesium : 20 000 mg, Manganese : 4 200 mg, Zinc : 4 200 mg, Iron : 1 600 mg, Copper : 300 mg.

ALPHAPHOS (Liquid) - High concentration

When ossification of bone structure is a risk factor.

Composition: Phosphorus : 120 000 mg, Magnesium : 12 000 mg, Calcium : 50 000 mg, Manganese : 4 200 mg, Zinc : 4 200 mg, Iron : 1 600 mg, Copper : 300 mg.

ALPHAMINERAL (Liquid) - Economical solution

To make animals more robust

Composition: Phosphorus : 15 000 mg, Magnesium : 9 000 mg, Calcium : 6 000 mg, Manganese : 6 300 mg, Zinc : 6 000 mg, Iron : 1 500 mg, Copper: 240 mg, Iodine : 150 mg, Cobalt: 30 mg, Selenium : 10 mg.

Vitamins, Trace Elements, Amino acids combination

ALPHALIVIT (Liquid) - With chelated trace elements

Multivitamins solution to secure growth, production and reproduction.

Composition: Vitamins A, D3, E, C, K3, B1, B2, B5, B6, B12, PP, Folic acid, Biotine, Zinc, Manganese, Copper, Iron, Magnesium, Cobalt.

ALPHAAD3E+ (Liquid) - Cost - Effective Concentration

Vitamins and trace elements for the growth, the production and the reproduction.

Composition : Vitamins A, D3, E, B1, K3, C + Trace elements

MULTIX (Liquid) - Complete formula with amino acids

Recommended during stress, vaccines and diseases periods.

Composition : Vitamin A, D3, E, B1, B2, B6, B12, C, K3, Biotin, Sodium, Magnesium, Zinc, Iron , Potassium, Citric acid, Glutamic acid, Lactic acid, Sorbic acid, Alanine, Arginine, Sodium citrate, Cystine, Glycine, Histidine, Isoleucine, Lysine, Methionine, Phenylalanine, Proline, Serine, Potassium sorbate, Threonine, Tryptophan, Tyrosine, Valine.

Digestion

ALPHADIGEST + (Powder) - A better intestinal transit

Natural lactic silage. It contributes to a natural acidification of the feed (dry feed as well as humid feed).

Composition: Dried and fermented plant extracts

ALPHADIGEST (Powder) - Rich in lactic ferments

It is particularly recommended at the arrival of of new flock and after all anti-infectious and anti-coccidial treatments.

ALPHANIMAL

Breeding complementary feed solutions

The classics

ALPHASELEN (Liquid)

Formula intended to stimulate muscular, vascular and nervous functions. Improve also the feathering.

Composition : Vitamin E, Sodium selenite.

ALPHAHYDRAT (Liquid)

Formulation particularly recommended at the time of hot weather, feed transitions and to boost the starting of new flocks and herds. Used to maintain the water acid-base balance and to stabilize electrolytes level.

Composition : Dextrose, Glycine, Sodiul, Citric acid.

ALPHAAD3E (Liquid)

Complementary feed supplement intended to stimulate the growth and reproduction thanks to the vitamins association AD₃E. It reinforces skin protection and skin appendages quality.

Use : Oestrus, reproduction to cover the maximum animals needs.

Composition : vitamins A, D₃, E.

Several formulas available :

ALPHA AD3E 100-20-20

ALPHA AD3E 25-20-10

ALPHA AD3E 50-20-10

ALPHA AD3E+ (with trace elements)

ALPHA D3 (Liquid)

Complementary feed supplement to accompany and make easier the digestion of calcium and phosphorus. It contributes to reduce at the same time rickets. **Composition:** Vitamin D₃.

ALPHA PLUM (Liquid)

Formula designed to improve feathering and phaneres quality.

Composition: Methionine, Zinc sulphate.

RESPIRO-M (Liquid) - Essential oils for respiratory problems

Intended to decrease the amount of excessive mucus in the respiratory tract at the time of breathing problems regular respiratory problems, heat stress and post vaccination reactions). It stimulates air intake, feed intake and energy metabolism.

Composition : Essential oils of Eucalyptol, Menthol and Camphor.

ALPHA B (Liquid) - Vitamins Group B complex

Use : medication administration, stress, reproduction, laying, feathering, transport.

Composition: Vitamins B1, B2, PP, B5, Folic acid, B6, B12, Biotine, Methionine, Zinc.

ALPHA IMMUNE (Liquid) - To boost the immune system

Recommended in period of low fertility and hatchability in layers and breeders, production losses, imuno-suppression and metabolic disorders in poultry. It is also recommended at the time of muscular dystrophy.

Composition : Vitamin E, Sorbitol, Choline chloride, Vitamin C, Selenium, Zinc

ALPHACOLINE (Liquid) - A better FCR

Advised for lameness and to improve respectively FCR and production in broilers and layers.

Composition : Vitamin C, Vitamin B5, Choline chloride, Lysine, Methionine, Zinc

ALPHARENAL (Liquid) - Renal disorders

Renal disorders due to urolethiasis, renal form of infectious bronchitis and after use of sulphonamides or antibiotic treatment, in case of mycotoxicoses. For broilers flocks using high protein content diet especially in first 2 weeks of age. For layers using water with high salt content.

Composition : Sorbitol, Propylene glycol, Magnesium sulphate, Potassium, Sodium bicarbonate, plant extracts

ALPHACALCIUM - ALPHACAL (Liquid) - Calcium intake

To accompany and make easier the digestion of calcium.

Composition - ALPHACALCIUM : Sorbitol : 50 000 mg, Calcium chloride : 145 000 mg, Magnesium chloride : 9 300 mg, Manganese chloride : 3 000 mg, Zinc chloride : 2 000 mg, Copper chloride : 250 mg, Cobalt acetate : 30 mg, Plant extracts.

Composition - ALPHACAL : Calcium chloride : 200 000 mg, Magnesium chloride : 80 000 mg, Manganese chloride : 8 100 mg, Zinc chloride : 6 600 mg, Copper chloride : 1 000 mg, Plant extracts.
